THE GREAT OBJECT GAINED

THE GREAT OBJECT GAINED!
Peters' Medicated Lozenges are the most valuable discovery of the 19th century. They are entirely pleasant to the taste, and more efficient than any other medicine. These Lozenges are the result of long continued and patient investigation and experiment, conducted in concert by some of the most distinguished physicians in the Union, who believing that some of the best known remedies might be prepared in a palatable form, have directed their labors to that end, till they have produced preparations in the popular form of Lozenges for nearly every disease incident to the human system.

the human system.

To parents we would say, do not be without these Lozenges at any time—attend to these suggestion you value the lives of your children. PETERS' PILLS.

It is admitted by all who have used them, (and who has not?) that Dr. Peters' Vegetable Pills are the most unrivalled medicine ever discovered by the ingenuity of man. They are a sovereign cure for the following complaints:—Yellow and billious fever and ague, croup, liver complaint, sick headache, jaundice, asthma, dropsy, rheumatism, enlargement of the spleen, piles, colic, female obstructions, heartburn, furtongue, nausea, distension of the stomach and bowels, incipient diarrhæs, flatulency, habitual costiveness, loss of appepite, blotched or sallow complexion, and all cases of torpor of the bowels, where a catharic or an aperient is needed.

They are exceedingly mild in their operation, producing neither nausea, griping, nor debility.

Dr. J. G. Smith, of Woodstock, Va., says—"They are a better Pill than I can make." He recommends their use. TO THE WHOLE WORLD.

The agent at Strasburg, Va., says he supplies fam-ilies for 30 miles around with Peters' Pills, and they perform such remarkable cures that they are preferd to every other medicine Mrs. E. Ward, of New York, was troubled with

WORM LOZENGES.

WORM LOZENGES.

Dr. Peters' Worm Lozenges are the surest and safest worm destroyer ever discovered.

It is estimated that, in the United States, 100,000 children die yearly from the effect of worms alone. This vast mortality can be almost entirely prevented by the use of Peters' celebrated Lozenges. Thousands and tens of thousands pine away and die without suspecting the real disease. The following are a few of the symptoms: headache, pale lips, flushed cheeks, disturbed dreams, feverishness, thirst, bad taste in the mouth, offensive breath, itching of the nostrils, pain in the stomach, nausea, unnatural appetite, swelled stomach or limbs, sense of something rising in the chest, &c.

Thus Catharine Ann Briggs, Cherry street, Philadelphia, has a little daughter who had been in a decline for several years. At times she would eat voraciously, and sometimes eat nothing at all; and she was fast wasting away. Her symptoms were so unusual and contradictory that the doctors knew not

unusual and contradictory that the doctors knew not what to do; but do what they would she continually grew worse, and reluctantly they declared she must die. At the request of a friend, the mother at this stage procured a box of Peters' Worm Lozenges. The first dose satisfied all that worms was the cause of all the child's sufferings, and two boxes effected a

perfect cure.
Mr. J. W. Carpenter, merchant, Roosevelt street New York, says Dr. Peters' worm lozenges possess more merit than the Doctor elaims for them. He has used them in his family with success when every

other medicine failed. Wherever they have been used, they are preferred all other remedies. In fact Dr. Peters and his to all other remedies. In fact Dr. Peters and his distinguished associates, possessing many receipts of great value, selected from each the most valuable parts, and they confidently say those lozenges cannot

of standing every change of climate, nor will it lose its lustre by age.

The Redford and Seranac Crown Window Glass are distinguished from ordinary Glass by the uncommon evenness and beauty of surface, the superior transparency and lightness of color, the great thickness, and the general excellence of the materials which compose them. The surface not being polished after being blown, retains the enamel, brilliancy, and hardness, and is not subject to the objection enoften applied to Plate Glass, of being easily defaced and permanently bedimmed by dust; being made of extra thickness, will, without injury, withstand violent winds, half storms, jars of cannon, &c. Its use, in the end, will prove more economical, independent of its adding so much to the beautiful appearance of buildings.

Specimens of this deservedly popular Glass may be seen in the New York Exchange and Custom House, Specimens of this deservedly popular Glass may be seen in the New York Exchange and Custom House, Howard's Hotel, Bronson's Buildings, Broadway, Centre Market, and a great many private residences and stores in various parts of the city; also, in the Exchange and Custom House, Boston; Girard Coliege, Philadelphia; Exchange Hotel, Baltimore; in the public buildings at Washington city; the Capitol at Raleigh, North Carolina, and in many both mublic buildings and private the control of the control of
